

# Credit Application and Bureaus

## The industry's standard for automotive financing.

Featuring the industry's largest financing network, Dealertrack provides free, fast and easy connections to your financing sources including captives, national banks, regional banks, subprime lenders and credit unions. All types of dealers can access the credit application platform including auto, RV, marine, powersport and others.

From requesting credit reports, to building and submitting credit application data, to checking on the real-time status of contracts-in-transit, Dealertrack delivers all the functionality you need to drive more vehicle sales, expand your customer base, accelerate the speed of your financing process and build stronger customer relationships.

Additional functionality includes Payoff Quotes, Dealer Reserve Statements, ID Alerts and DealUpdate.

### Features and Benefits:

- Connect to your credit bureau report providers instantly.
- Get credit decisions in seconds from your preferred lenders.
- Instantly transfer credit app data between Dealertrack and other systems with DealTransfer.
